

DULVERTON AND BRUSHFORD PARISH MAGAZINE COVID 19

Brushford PCC has, with sadness, taken the decision to stop delivering the Parish Magazine to every house in the parish of Brushford for the foreseeable future. We did not think it right to put our splendid team of people who deliver, many of whom fall within the vulnerable category, at risk in any way during the current emergency.

The magazine will, however, continue to be produced and is available on the Dulverton Benefice website

<https://www.dulvertonbenefice.org.uk/>

For those without computer access, the magazine will be available to pick up in Dulverton at the Post Office, Tantivy, the Pharmacy, and other places.

The May issue contains an important survey for everybody, not just churchgoers, to complete concerning the future of the church over the next five years. Please could you consider the questions carefully and complete and return the survey. This will be helpful when selecting the next Rector.

The PCC hopes everybody will understand why we have taken this decision. Please continue to stick to the social distancing rules and stay safe.
